

Romtec encourages you to use our [Free Building Design & Quotation Service](#). Please [contact us](#) to discuss your projects.

Building Installation

Romtec buildings are permanent structures, installed on your site to your specifications. Whether we install the building, or if you choose to contract the installation separately, your new Romtec building is designed for fast assembly and finish, so you get the building you need without delay. Our streamlined process ensures minimum disruption of your site, whether it's an existing park or a brand new development.

CALL TODAY – 541-496-3541 – ask about Romtec's streamlined installation process

IMPORTANT THINGS TO KNOW about installation of your Romtec building:

- 1. Complete Plan Set** – We supply detailed construction plans, reviewed and stamped by our architect.
- 2. Installation Schedule** – Romtec buildings can be installed quickly to meet your needs without delay.
- 3. Installation Choices** – Have Romtec install your building, hire a building contractor or use your own crew.
- 4. Expert Technical Help** – We have experts on staff to advise your installer every step of the way.
- 5. Lead Man Service** – You can hire Romtec's building expert to oversee the project for you.
- 6. Timeline & Cost Estimates** – We'll help you plan for installation that's on time and on budget.
- 7. Easy Site Access** – Your building is delivered with a semi-truck and trailer...no need for crane access.
- 8. Standard Materials & Methods** – We use no exotic, one-of-a-kind materials or installation methods.
- 9. SIP Roof Panels** – Our insulated, panelized roof system can't be beat. It's the best roof available.
- 10. Fast & Fabulous Fit & Finish** – Get a great looking, long lasting building...quick and easy.
